About Me

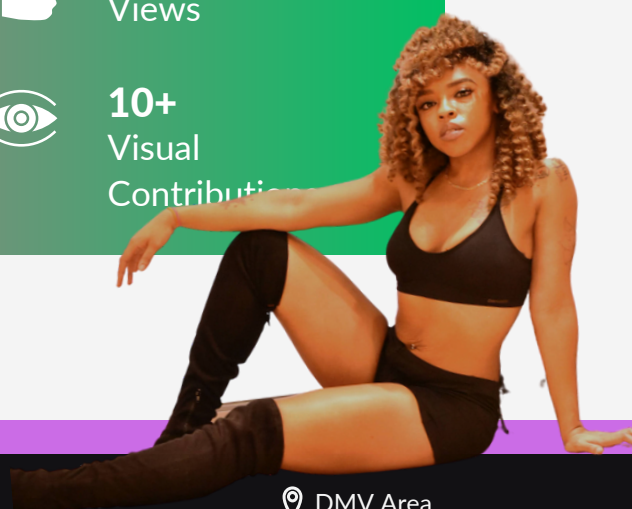

Brittney has been a DMV native for 20+ years. Growing up here she would see the different kinds of art and emotional expression throughout different avenues. She was most attracted to dance! At the age of 5 she began dance training starting with ballet and gradually moving her way to hip- hop throughout her high school journey on the POMS team. After high school she attended the ILLUSTRIOUS Bowie State University where she danced on Pure Gold Dance Team and Dance Ensemble.

"The Jack of All Trades"

After graduating with a major in Theatre and minor in Dance she joined a semi-pro team "The Lady Warriors". Throughout her 4 years on the semi-pro team she made it to finals for the Washington Wizards Dance Team twice and The Washington Football Team. After enjoying her time on the court she decides to take it to the community by being apart of multiple collectives, trainings and photoshoots. She is also now apart of Bliss Dance Company where she will continue to train and expand her knowledge on the works of dance!
"Dancing makes the world happy and who wants to be sad!"
